One estimate, two teams. Are they working from the same numbers?

Quote Cost Check

Use one service estimate to align the office and field crew on the quoted amount and its two direct cost groups.

1. **Enter one case**
   Start with the example or replace the three inputs with your own values.

2. **Read the result**
   This estimate leaves a contribution toward other costs. Confirm actuals after the job.

3. **Choose a next step**
   Agree on the scope behind both cost estimates.
