Make one corner of your counter usable again.

Five-Item Pile Reset

Pick five things from one pile. Count what you put away and what you let go. Give each remaining item a place or a next action.

1. **Enter one case**
   Start with the example or replace the three inputs with your own values.

2. **Read the result**
   Choose a concrete destination or action for each remaining item.

3. **Choose a next step**
   Give the undecided item a named destination or next action.

From one case to the full edition
