The invoice is closed. What did the return visit add?

Callback Cost Review

Price the direct cost of a return trip and record one question for the service review.

1. **Enter one case**
   Start with the example or replace the three inputs with your own values.

2. **Read the result**
   This measures the cost of the return trip before travel and overhead.

3. **Choose a next step**
   Attach the extra time and parts to the original job review.

From one case to the full edition

Review callbacks, jobs and operating metrics across the language editions and their mini apps.
