When someone asks what is pending, can you name the next call?

Authorization Queue Check

Use a fictional batch. Separate requests with a documented decision from requests withdrawn before a decision. Give one open request a next action.

1. **Enter one case**
   Start with the example or replace the three inputs with your own values.

2. **Read the result**
   A submitted request stays open until its outcome is documented. Use fictional references in this sample.

3. **Choose a next step**
   Record the next contact and assign a follow-up owner.
